
OUR STREETS

A Roosevelt Planning Board Workshop

Tuesday August 19, 2014 6:30PM - 8:30PM

Borough Hall

6:30 PM Introduction 7:00-8:00 PM Workshop 8:00 -8:30 PM Discussion

Getting around Roosevelt is critical to our welfare both as individuals and as a community. If you have some thoughts on what's good about our streets or what might need fixing, please join us in a workshop and discussion about what we could do to improve Roosevelt. **Tom Thomas, AICP, PP**, is Roosevelt's professional planner and he'll be facilitating the workshops. Some ideas being discussed include: restricting parking, allowing more street parking, constructing sidewalks, installing more roadway speed humps, widening (or narrowing) our streets and/or requesting more NJ State traffic enforcement to control traffic speeding.

NOTE: SOME IMPROVEMENTS MAY INCREASE OUR TAXES.

PLEASE JOIN IN AND HAVE YOUR SAY ON

WHAT REALLY MATTERS TO YOU AND YOUR FAMILY!

OUR TOWN

A Roosevelt Planning Board Public Hearing

on the updating of Roosevelt's Adopted Master Plan

Tuesday September 16, 2014 6:30PM - 8:30PM

What exactly is our 2001 Master Plan and what does it really mean to those of us living in Roosevelt? In short, it is a description of who we were then and what we might do over the coming years. To review the adopted master plan, see the History section of Roosevelt's web site (web2sons.org). More information and details on this public hearing will be provided in the next edition of the Bulletin.
